7<sup>th</sup> October 2020

Dear Parents and Carers

I have been made aware of some confusion regarding the online learning links that have been posted on the class pages on the school website.

The Government guidelines state: Where a class, group or a small number of pupils need to self-isolate, or local restrictions require pupils to remain at home, we expect schools to have the capacity to offer immediate remote education.

The online learning that has been placed on the class pages on the website is to support the small number of children who may need to isolate due to coming into contact with the virus **outside of school** – for example, family members with symptoms, or those who have been in contact outside of school with a positive case - to ensure that they can still access what is happening in school. The staff are posting this weekly on the website from this week – **in case it is needed by anyone** – to ensure that it is accessible immediately.

If we did have a confirmed case in school and a bubble needed to close then the whole bubble would be supported through remote learning on Microsoft teams and you would be notified. At the time of writing this, **we do not have any confirmed cases in school.**

Apologies for any confusion this may have caused, as we are simply trying to ensure that a small number of individuals can access appropriate learning during these unprecedented times, if they are unable to be at school for a short period.

Thank you for your continued support.

Kind regards

Mrs Ellen Smith  
Headteacher
