Apley Wood Primary School
Apley Avenue
Leegomery
Telford

Dear pupils, parents/carers and staff

On behalf of the Community Food Project, a huge thank you for your harvest food donations. I was amazed by the amount of food items and the generosity of you all.

The Community Food Project is very much a community effort and your support will help us keep moving the project forward. The food donated will be redistributed to other organisations within the Telford area, specifically helping those in need during these challenging times. We will be donating lots of items to be made into food hampers at Christmas, to be redistributed by another charity working in Wellington.

Your kindness and generosity help our organisation exist and help the community work together.

Thank you again

Yours sincerely

Karen Muench
Project Director
