

Week beg: 23rd November

Base 11 and 13

	8:45	9.10	9.30	10.10		11:00 - 12.00		1.30	2:00 - 3:15
Mon	Registration work - spellings, CTG tasks etc			Maths Fractions of amounts	PLAYTIME	English - Research Research renewable energy and global warming (there's some good David Attenborough videos on youtube. Kidrex is a good search engine to use). Make notes on changes we can make to help save the planet.	LUNCH HOUR	Reading sheet 1	Music Percussion Use different parts of your body to create a piece of 'body percussion' (eg. clap, stamp, hit your legs). Practise and perform- if possible, teach someone in your house.
Tue				Maths Problems with fractions of amounts		English Big write - letter Write a persuasive letter to the local MP outlining changes we can make locally to help stop global warming (eg. introduce more renewable energy sources).		Reading sheet 2	History - Significant people. Choose one key person from The Industrial Revolution to research: Thomas Telford, Captain Webb or Abraham Derby.
Wed		Reading sheet 3		Maths Finding the whole with fractions of amounts		Science Research what series circuits and parallel circuits are - write an explanation and draw a diagram.		PE Orienteering. Make your own orienteering map of your garden or house. Make a trail to be hidden at different locations. Ask someone at home to try it out or have a go yourself.	
Thurs		Reading sheet 4		Maths End of unit		English SPAG - I and me		Character Ed - Marriage and civil partnerships Answer- What is marriage? What is a civil partnership? What makes a healthy relationship? Write a story which includes a healthy, loving relationship - think about what values the characters need to show.	
Fri		Reading sheet 5		Maths Fraction recap - Oak Academy https://classroom.thenationalacademy/lessons/fractions-revising-fractions-6wtkac		English SPAG - was and were		Computing - coding https://hourofcode.com/dance2019
