Today is Art Day!

Here are some ideas of art activities you might like to do.

These are just suggestions, and you can adapt them however you like. Have fun!

Draw around your hand and decorate it however you want. You could draw pictures on it, paint it, colour it with crayons, pens or chalk, stick on buttons, sequins or glitter, create a collage with pieces of paper.

Let your creativity run wild!

Please send in photographs of any art work that you do today. We would love to see your masterpieces!

Collect some small objects from around your house such as coasters, lids, coins, cups and jigsaw pieces.

One by one, draw around each object with pencil on paper or card.

Make sure that the outlines of different objects overlap so that there are more sections of different shapes and sizes.

Colour each section with paint, and/or coloured pens, crayons or pencils.

Create a piece of doodle art using pens or pencils. You could add colour or leave it black and white.

Listen to 'The Paper Dolls' by Julia Donaldson here:

<https://www.youtube.com/watch?v=0BuURAo5f3k> Make and decorate your own paper dolls.

Carry out an artist study.

Find out about an artist by looking in books or on the internet. Can you do a piece of art work in the style of this artist, or maybe even recreate a famous piece of art work?

Shade your name with coloured pencils. Create your own graffiti-style creation.

Create your own piece of recycled art. Create a sculpture of whatever you want using recycled materials.
