W/C 15.03.21

wing bang moth chin sing

Challenge 1 - say the sounds in the word by using fred talk (point to each one to read the word).

Challenge 2 - fred the sounds in your head and read the word outloud without saying each sound.

Challenge 3 - say the word without looking at it and pinch the sounds onto your fingers - if you get stuck ask a grownup to tell you how many sounds there are first. e.g. dog has three sounds so hold up three fingers.

Challenge 4 - write each word down after you have pinched the sounds onto your fingers and ask a grownup to help you tick the letters you got right and fix the ones you missed out or got wrong.
