zoo too moon food spoon

Challenge 1 - say the sounds in the word by using fred talk (point to each one to read the word). Remember to look out for two letters but one sound. We call them ‘special friends.’

Challenge 2 – fred the sounds in your head and read the word outloud without saying each sound.

Challenge 3 – say the word without looking at it and pinch the sounds onto your fingers – if you get stuck ask a grownup to tell you how many sounds there are first. e.g. dog has three sounds so hold up three fingers.

Challenge 4 – write each word down after you have pinched the sounds onto your fingers and ask a grownup to help you tick the letters you got right and fix the ones you missed out or got wrong.
